MNG OUTLINES SIMPLE CASE FOR CHANGE AT GANNETT BOARD

DON'T BUY INTO GANNETT'S DEFLECTION FROM THE FACTS

FOCUS ON THE FACTS: NET INCOME DOWN 93%; OPERATING INCOME DOWN 87%; FREE CASH FLOW DOWN 52% SINCE 2015 SPIN-OFF

April 26, 2019 – Denver, CO – MNG Enterprises, Inc. (“MNG”), owner and operator of one of the largest newspaper businesses in the U.S. and the largest active shareholder in Gannett Co., Inc. (NYSE:GCI) (“Gannett” or the “Company”), with an approximate 7.4% ownership interest, today outlined the case for change on the Gannett Board of Directors (the “Board”).

Simply put, Gannett’s current strategy is flawed and clearly moving in the wrong direction. If shareholders do not vote for change now, we fear shareholder value will continue to precipitously decline. Gannett has suffered from a series of value-destroying decisions made by an unfocused leadership team. They lack focus on managing the Core Publishing Business and have a track record of terrible capital allocation. Moreover, the Board has doubled-down on questionable digital acquisitions.

Gannett’s ONLY defense has been deflection and yellow journalism – bashing and mud-slinging its largest active shareholder with misleading information on MNG and its board nominees, all dutifully parroted by its own publications and, thus, further wasting shareholder and company money. MNG asks our fellow shareholders to FOCUS ON THE FACTS. Don’t buy into the ruse. Hold Gannett’s Board accountable. Do not be distracted. This campaign is first and foremost about the urgent need to maximize value before your investment is squandered on the current Board’s hapless digital strategy.

Amazingly, Gannett is asking shareholders to re-elect an entire Board, which has:

- ✗ **Overseen significant underperformance.** Gannett has underperformed its peers,¹ the S&P 500, and the Russell 2000 by 15%, 51%, and 37%, respectively, since spin-off.²
- ✗ **Overseen significant value destruction.** Net Income has declined by 93%, Operating Income has declined by 87%, Free Cash Flow has declined by 52%, and Market Capitalization has declined by 41% (\$780 million) since spin-off.³
- ✗ **Continued to follow a flawed and failing digital acquisition strategy.** Spent approximately \$350MM on questionable and dilutive digital acquisitions since 2015, equating to over \$3.00 a share, or 36% of Gannett’s entire market capitalization.
- ✗ **Failed to respond appropriately to a bona fide 41% premium cash proposal.** Gannett never seriously engaged on our premium, all-cash \$12.00 per share proposal.
- ✗ **Failed to commence a full review of strategic alternatives.** Gannett has not offered a

¹ Peers include Graham Holdings Company, Lee Enterprises, Incorporated, Meredith Corporation, The McClatchy Company, New Media Investment Group Inc., The New York Times Company, Scholastic Corporation, and Tribune Publishing Company; selected by MNG based on criteria including revenue, exposure to print publishing and footprint across multiple markets.

³ Changes in Gannett financial results since its 2015 spin-off from its former parent company reflect changes in trailing 12-month financials from June 28, 2015 to December 31, 2018; change in market capitalization from June 29, 2015 to January 11, 2019 per S&P Capital IQ.

reasonable explanation to shareholders.

-  **Approved the highest CEO compensation among peers¹.** Despite underperforming peers¹ over the past three years, Gannett has approved the highest CEO compensation within its peer set¹ with a misguided focus on revenue at the expense of profitability.
-  **Very little skin in the game.** The incumbent Board owns less than 1% of the total shares outstanding (and seven of eight directors have not purchased a single share in the open market since Gannett's debut as a public company).

MNG's NOMINEES WILL BE A CATALYST FOR POSITIVE CHANGE

The Gannett Board needs a catalyst for change. If elected, MNG's nominees would request that the Board immediately commence a full review of strategic alternatives to maximize value for all Gannett shareholders, including an open process to sell the Company. The MNG nominees also would provide much needed independent perspectives, experience and oversight required to put Gannett on the path to a profitable and sustainable future.

MNG is asking you to elect directors who:

-  Are **committed to maximizing value** for all Gannett shareholders now before further value is destroyed.
-  Believe that executive compensation plans should incorporate metrics that **incentivize profitable growth**.
-  Are leading industry consolidators and operators who **are able to successfully acquire and integrate newspapers and position them for long-term profitability**.
-  Would **refocus on Gannett's neglected publishing business to drive cash flow generation**.
-  **Have the right mix** of newspaper turnaround, real estate, and capital allocation expertise **to improve the Gannett board**.
-  Would provide the **objective perspective, experience and oversight required to put Gannett on the path to a profitable and sustainable future**.
-  Will have real **"skin in the game"** – MNG is a 7.4% shareholder and its nominees have expressed an intention to invest in Gannett if elected.

VOTE THE BLUE CARD, including the three MNG nominees and up to five of Gannett's nominees other than **the three Gannett nominees we are not supporting: John Cody, Stephen Coll and Larry Kramer**. Two of those Gannett nominees, John Cody and Stephen Coll, serve on the Transaction Committee of the Board that was formed on January 21, 2019 to assist the Board in its consideration of MNG's proposal and related matters, and we believe should be held accountable for the lack of meaningful engagement and response to MNG's acquisition offer and calls for a strategic review.

You can vote by Internet, telephone or by signing and dating the enclosed **BLUE** proxy card or **BLUE** voting instruction form and mailing it in the postage paid envelope provided. We urge you
